As British Champion (and top of the Spedeworth Scotland points) 177 Stuart Gilchrist has automatically been seeded onto the grid on the inside of Row 3. All other foreign entrants (whether Scottish or Dutch) will determine their place on the grid through lap times during practice. The fastest driver will qualify on the outside of Row 3, the next two on Row 9 and the remaining drivers on Row 15.

Spedeworth drivers who were equal on points have been separated by the number of appearances they have made during 2011 with the driver making the higher number of appearances being given the higher grid position.

Thank you to all drivers for supporting Superstox in 2011. We hope that you enjoy your World Final, good luck to you all!
