

2012 National Hot Rod Championship Of The World

Tel: 01245 451577 www.cpdynes.com

Spedeworth Motorsports are delighted to announce that, following a period of intense negotiations, the 2012 National Hot Rod World Final will be shown on Sky Sports in a Spedeworth Motorsports branded one hour long TV programme.

The programme will be broadcast shortly after the World Final event and marks the welcome return of short oval motorsport to a major television network.

Spedeworth Motorsports would like to express their gratitude to Mark Paffey who has worked tirelessly with Spedeworth's Mark Butler and others behind the scenes to bring this hugely exciting project to fruition.

This marks the start of yet another chapter in the ongoing development of raising the profile of Spedeworth Motorsports. It is hoped that further TV coverage can be achieved in 2012 featuring other Spedeworth formulas.
